About

Young and ambitious front-end developer experienced in creating responsive web applications using the newest technologies such as React JS. I am the type of person who seizes every opportunity to learn something new and improve myself.

Education

2019 - 2023

Technical school of electronics No. 1

Warsaw, Marcina Kasprzaka (IT Profile)

I graduated in April 2023 and achieved technician title. For 4 years, I was conscientiously learning and practicing in the field of computer science.

Experience

Komandor S.A.

Trainee Web Developer | Sep 2021 - Dec 2021

I had 3 months internship as a web developer. I was introduced to company projects, work-flow and more. Furthermore, I was working under wings of web developers team. The job entailed creating and maintaining a website from a ground up.

Certificates

2023

IT Specialist

I passed several professional exams in the field of information technology with an avarage score of 95%.

EE.09/INF.03/E.14 | Programming and databases

EE.08/INF.02 | Hardware, systems and computer network
